Book Promotion Sites

Tier: BookBub

- [BookBub](#) (price varies): BookBub trounces every site on this list by many orders of magnitude.

Tier 1: always, if available

- [FreeBooksy](#) (\$50 – \$100): the best site for free books aside from BookBub (the special Series Features work well)
- [ENT](#) (\$40 – \$70)
- [RobinReads](#) (\$30 – \$85)
- [Fussy Librarian](#) (\$15 – \$50): account required
- [My Book Cave](#) (\$30 – \$45): account required
- [Book Doggy](#) (\$18)

Tier 2

- [BargainBooksy](#) (\$40 – \$85): FreeBooksy's sister site for paid books; not nearly as powerful, but still solid (the special Deal of the Day Features work well)
- [Red Feather Romance](#) (\$115 – \$135): Freebooksy's sister site for romance books; can also be used for \$2.99+ books
- [Book Barbarian](#) (\$35 – \$55): SF/Fantasy only
- [Red Roses Romance](#) (\$20 – \$40): BookBarbarian's sister site for Romance
- [Book Adrenaline](#) (\$8 – \$20): Book Barbarian's sister site for thrillers/mysteries.

Tier 3

- [FKBT](#) (\$25 – \$30)
- [Booksends](#) (\$25 – \$75): better for \$0.99 than free books due to pricing of respective ads
- [ManyBooks](#) (\$29)
- [EReadersIQ](#) (\$15)
- [Book Gorilla](#) (\$50)
- [BK Nights](#) (\$5): only books 14 days in advance
- [BookRaid](#) (varies): charge per click on your book; \$0.15/click for free book, \$0.20 for a \$0.99 book, \$60 max

For Free Books

- [Fiverr](#) (\$7): submits your free book to 20+ free-to-list promo sites instead of filling out forms; also a far cheaper alternative to services like eBookbooster or ReadingDeals' submission tool (note: I received a negligible # of downloads from these sites, so this probably isn't worth doing in most instances)

Author Cross Promos & Newsletter Builders

- [Patty Jansen's SF/Fantasy Monthly Promos](#) (free; alternates between free books and \$0.99)
- [Dean F. Wilson's SF/Fantasy Promos](#) (cost varies) (everything from newsletter builders to Amazon/Bookbub builders)
- [Ryan Zee's Author Marketing \(Booksweeps\)](#) (\$60) (newsletter builders in a number of genres)
- [LitRing](#) (cost varies) (everything from newsletter builders to Amazon/Bookbub builders)
